

## **Student support and guidance program (SSGP)- A holistic student guidance and support initiative of KUHS**

TMM college of Nursing constituted SSGP unit based on the vision guided by Kerala University of Health sciences.

### **Vision**

The vision of SSGP is to develop elements among the students which enables them to become technically competent and perform social skills optimally.

### **Objectives**

The holistic development of the students can be achieved by

- Identifying the academic, psychosocial, physical and reproductive health issues of the students by accurate mentoring.
- Providing interventional strategy through guidance and counseling
- Encouraging curricular and extracurricular activities
- Creating awareness through important day celebrations
- Providing opportunity to submit their grievances via student portal provided in the TMM students Website.
